**JUNIUS ALLEN N. A.**

**June 1898 - July 1962**

**Salmagundi Club**

**FORTY-SEVEN FIFTH AVENUE**

**NEW YORK 3, N. Y.**

Honoring the memory of Junius Allen, our distinguished past president, who died July 8, 1962, the Salmagundi Club has designated this as a time when friends of the artist and members of the public who knew his stature as a great American painter, may come in tribute to a retrospective exhibition of his work.

Under the Salmagundi roof, where so many years of personal dedication to the aims and ideals of his fellow artists occupied the thinking and devotion of Junius Allen, his work is now assembled with veneration and love.

Some of his greatest canvases are gathered here. Many others are in distinguished collections . . . the Metropolitan Museum of Art, the National Academy, the Montclair Museum, the New Britain Museum. Many have been recipients of coveted awards: the Hallgarten Prize of the National Academy, the Ranger Fund Purchase Award, the Gold Medal of the Allied Artists, three Annual Oil Prizes of the Salmagundi Club and the Club's Medal of Honor, the Enders Memorial Prize, the Vezin-James Prize, awards of the American Artists Professional League.

The late Trygve Lie selected Junius Allen's "Old New York Post Office," on loan from the Metropolitan Museum, to hang in his office at the United Nations. Most recently Junius Allen was honored with a commission by the United States Navy to paint a portrait of his ancestor, Ethan Allen, for the Polaris submarine of that name.

Numerous contemporary artists of rank knew Junius Allen as teacher, friend and guide, during the years when he was teaching at the National Academy School of Fine Arts, the Wayman Adams School in Elizabethtown and his own studios. . . . Born in Summit, New Jersey, in 1898, he studied at the New York School of Fine and Applied Arts and the National Academy. In 1941 he became a National Academician and served as Vice President from 1953 to 1955, and chairman of its School Committee until his death.

As President of the Salmagundi Club from 1957 to 1959 Junius Allen instituted the notable Artist Scholarship Program for the encouragement and fostering of gifted young painters. The Club shares with the larger company of American artists sorrow for the loss of Junius Allen as a fellow artist and pride in having shared in the career of a painter of depth and power and a distinguished human being.
